Со сигурност може да се каже дека „Фото Салон Куманово“ стана посакуван конкурс на креативната фотографија од целиот свет. И секако, тоа не е случајно. Зад етаблирањето на оваа меѓународна изложба во препознатлива и ценета манифестација стојат фотографите, членови на Фото – Кино клубот Козјак 50 од Куманово кои оваа шеста по ред меѓународна изложба, успешно ја надградуваа. Оваа изложба веќе трета година е под високиот патронат на Светската Федерација на уметничка Фотографија – FIAP (Fédération Internationale de l'Art Photographique) и под патронат на нашата национална асоцијација Фото Сојузот на Македонија, а од годинава и под патронат на PSA (Photographic Society of America), UPI (United Photographers International, IAAP (International Association of Art Photographers, ISF (Image Sans Frontiere).

Организаторот на изложбата и овој пат обезбеди современ начин и добар комјутерски подржан програм со кој во голема мера придонесе за по објективен пристап кон изборот на експонатите. Работата на тричленото жири беше организирана во два дела. Конечната одлука беше донесена на второиот дел од жирирањето кога во Куманово заеднички беа разгледувани фотографиите со највисоки оценки од првиот дел на жирирањето. Оценките на жиритo многу често беа изедначени. Како член на жиритo сум убеден дека жиритo работеше совесно, дека направи добар избор и дека се наградени авторите со современ фотографски исказ.

Во една прилика, еден познат фотограф има речено дека ако некоја фотографија не е доволно добра, тоа значи дека фотографот не бил доволно „близу“ до мотивот. Искрено се надевам дека фотографите чии што фотографии се на показ пред упатената кумановска публика на оваа репрезентативна изложба биле блиску до мотивите.

Куманово, 9 септември 2011 год.

Д-р Цветан Гавровски, FIAP L.O.

With most certainty can be stated that Photo Salon Kumanovo became a desirable competition of creative photography from all around the world. And of course, this is not unintentional. Behind the establishment of this recognizable and esteemed international exhibition are standing the photographers, the members of the photo-cinema club Kozjak 50 from Kumanovo, who successfully upgraded this sixth annual international exhibition. This exhibition is third year under the high patronage of the World Federation of Art Photography - FIAP (Fédération Internationale de l'Art Photographique) and under the patronage of our national association Photo Association of Macedonia, and beginning from this year also under the patronage of the PSA (Photographic Society of America), UPI (United Photographers International, IAAP (International Association of Art Photographers, ISF (Image Sans Frontiere).

The organizer of the exhibition again provided a contemporary approach and a software application that in greatly manner contributed for a more objective selective method of the exhibits. The work of the tripartite panel of judges was organized in two parts. The final decision was proclaimed on the second round of evaluating, when in Kumanovo, jointly were reviewed the photographs with the highest grades from the first judging. The Jury's grades were frequently equated. As a member of the jury I am deeply convinced that the jury worked conscientiously and decisively made the good selections and these authors with modern photographic expression have been awarded.

In one occasion, a well known photographer has said that if a photograph is not good enough, it means the photographer was not sufficiently "close" to the motive. I sincerely hope that the photographers whose photographs are on public display in front of Kumanovo's audience on this exhibition were close to the motives.

Kumanovo, 9th September 2011

PhD, Cvetan Gavrovski, FIAP L.O.
